

## MATTEO MOSSO, BSc

---

SENIOR CLINICAL PROJECT MANAGER

Matteo Mosso holds a degree in chemistry from University of Rome 'La Sapienza' and has over 14 years' experience in the conduct and management of clinical studies. Mr. Mosso began his career in the pharmaceutical industry at Merck Sharp & Dohme (MSD), first as a Clinical Research Associate and then as Project Manager, gaining wide experience in several therapeutic areas, including Cardiovascular, Endocrinology, Oncology, Neurology and Psychiatry.

Over the nine years he worked with MSD, he managed Phase I to Phase IV drug study projects, including the management and coordination of study teams from start-up to close-out, together with site pre-study inspections, on-site audits, and site follow-up activities.

Mr. Mosso subsequently worked at Covance, where he became Clinical Operations / Compliance Oversight Lead on assignment with Pfizer. In this new role he was responsible for in-country project management, oversight, and coordination of international CROs, oversight responsibilities for Phase I to III study monitoring, workload prioritization, study issue resolution, and coordination with corporate, medical, and clinical research staff and key opinion leaders.

Mr. Mosso joins Donawa Lifescience Consulting as Clinical Project Manager, based in the Rome Office, where he will be managing clinical studies on behalf of client companies.
