

# JOHN RIGGI, BA, BS, MBA

---

SENIOR QUALITY AND REGULATORY ASSOCIATE

With over 40 years' experience in the quality and regulatory sectors of the medical device industry, Mr. Riggi's career has spanned many industry sectors, including: ophthalmics, orthopedics, cardiac rhythm management, neurostimulation, infusion technologies, medical and dental radiation devices, and high-volume manufacturing. Mr. Riggi is able to support DLC clients in many aspects of QA/RA implementation and management, including:

- Global QA/RA operations
- Global quality system development, implementation and assessment
- Assistance during third party audits
- Design control
- Radiation safety
- Regulatory compliance and product submissions
- Quality system training, including US, EU, MDSAP
- Corporate Compliance Assessment Programs
- ISO/CE certification / notified body interactions
- Vendor quality management
- National medical device registrations

Whether on the manufacturing floor or in front of large conference audiences, Mr. Riggi's open and relaxed communication manner helps ensure the message is well-received and understood.
